Impact/Assessment

Most Children will: • identify which other parts of the UK people live in. • recognise and identify five landmarks in Belfast, Cardiff and Edinburgh and name them in French. • use numbers in sentences when talking about age. • use the circumflex accent to spell two words: *château* and *âge*. • understand that when we translate from one language to another, we translate ideas rather than words. • join in singing the song *Promenons-nous dans les bois*.

Less Able Children will: • say which part of the UK they live in and ask others which part they live in. • ask and answer questions about age • say numbers 0-12 • listen to a story such as *Bravo les amis !* in French.

More Able Children will: • know that in English I say how old I am, but in French I say how many years of age I have. • know that the circumflex accent can be used with any vowel letter. • know that the circumflex accent usually means that a historical letter has disappeared from the word. • use the correct preposition with the countries of the UK: *en Angleterre, en Écosse, en Irlande du Nord* • recite the rhyme *Au printemps, petites feuilles* from memory.
