Homework Policy

1. VISION

We are a safe, loving, supportive, Christian family which values each child's individuality and uniqueness created in the image of God. We nurture the talents given by God to inspire pupils to achieve and succeed, and foster a sense of awe and wonder of God's world:

- Form foundations of lifelong faith through Gospel values and sincere, meaningful prayer.
- Guide Pupils to determine their own personal moral values, and a respect and understanding of other races, religions and ways of life.
- Develop future citizens who cherish the world in which they live and their responsibilities within it.
- A curriculum which has a breadth of experience and equality of opportunity for all.

2. INTENT

'Homework' refers to any activities or pieces of work which children are asked to do outside lesson time, either on their own or with their parents.

Our Intention:

- To reinforce and deepen learning which has taken place in school
- To promote an effective partnership between home and school
- To encourage children as they get older to develop the confidence and self-discipline needed to work on their own, preparing them for the requirements of secondary school
- To ensure that all children and parents have a clear understanding about what is expected of them
- To ensure the needs of the individual children are taken into account

Our Implementation:

- The creation of opportunities for parents and children to work together to enjoy learning experiences
- The provision of homework tasks designed to consolidate classroom learning
- The provision of homework designed to promote independent learning in the older children

Types of Homework and Time Allocation

The main focus of homework for each year group is on English and Maths. As the children move up the school, they may be provided with other curriculum areas to study at home while the focus remains on English and Maths. Older children are encouraged to develop the skills of independence to work on their own to both benefit their learning and prepare them for the demands of homework at secondary school.

Regular reading practice to and with parents is essential (especially in younger children) if progress is to be made. We expect the following amounts of time to be spent on reading at home at least 3 times per week.

EYFS:

- Reading at least (5-10 minutes per night) 3 times per week
- Set phonics homework 10-15 minutes per week
- Number Facts Activities

Year 1:

- Reading (10 minutes per night) 3 times per week
- Set phonics homework 10-15 minutes per week
- Spelling practice (sent home on Friday)
- Number bonds and times tables practice (later in the year)

Years 2, 3 and 4:

- Reading (15 minutes per night) 3 times per week
- Spelling practice per week (sent home on Friday)
- Times tables practice (TTRS and LPDS Times Tables Resources)

Growing in God's Love, Learning as We Go. Sowing seeds of kindness.

Year 5:

- Reading at least (20 minutes per night) 3 times per week
- Spelling practice per week (sent home on Friday)
- Times tables practice (LPDS Times Table Resources)
- Grammar and Arithmetic skills 20 minutes per week

Year 6:

- Reading at least (20 minutes per night) 3 times per week
- Spelling practice per week (sent home on Friday)
- Times tables practice (LPDS Times Table Resources)
- Grammar and Arithmetic skills 20 minutes per week

Homework books to be used from February in preparation for High School

EYFS

At this early age, the emphasis should be very much upon actively involving the parents in their children's learning. In EYFS the most important activity that takes place at home is reading.

In addition to reading, children may undertake short activities of different kinds: learning spellings; practising letter formations; and number facts all provide a very important opportunity for young children to talk about what they are currently learning at school.

Years 1 and 2

Work to be carried out at home is based on learning weekly spellings and on English (Phonics) and Maths activities linked to class learning. In addition to this, all children are expected to read a minimum of 3 times per week at home.

Years 3 and 4

Work to be carried out at home is based on learning weekly spellings, home reading and Maths (TTRS) activities linked to class learning. The key focus on these areas means children not completing tasks at home will have designated times in "Homework Catch-up" times in school.

Years 5 and 6

Homework tasks are the same as for Years 3 and 4 in addition to specific activities to encourage and develop independent learning. These activities involve developing arithmetic and GPAS skills.

- Revision Books in preparation for the Key Stage 2 SATs (Year 6 only)

Individual Needs of Children

All homework should be appropriate for the differing needs of the children. Some of the more-able children require homework, which is set to challenge them whereas other children require work to reinforce skills they have learnt in school. Children with SEN may occasionally benefit from being given work, which is different from that which is given to the rest of the class or group. If this is the case, they should not be expected to complete work set for the rest of the class in addition to their special needs work.

Having taken into account the needs of the children, all homework tasks should also:

- Have a clear objective and time scale
- Allow for all children to succeed
- Help to develop social skills in addition to other skills
- Be manageable for teachers and children

Responsibilities

The Class Teacher

Each class teacher should ensure that the amount and demands of the homework are manageable on a day to day basis.

Growing in God's Love, Learning as We Go. Sowing seeds of kindness.

At the beginning of every academic year, the teachers of each year group discuss expectations in “Meet the Teacher” sessions to the parents of the children within the year group informing them of the types of homework their children will receive that year, how much time they will be expected to spend on it and the days on which the work is to be handed in.

The Child

- Each child should be made aware of the importance of homework and the expectations of the school concerning completing the work and returning it to school on time.
- They should ensure reading books are returned to school a minimum of 3 times per week along with additional tasks set by the teacher.

The Parent

All parents should be encouraged to:

- Make it clear to their child that they value homework and support the school in its aims regarding homework.
- Praise their child on completing their activities.
- Provide a quiet place in which their child can work on their homework either alone or with their support.

Guidelines on how long should be spent each day/week on homework are provided in this policy. If the work is not completed within the time allowed, the child should be encouraged to leave the task and return it to school unfinished.

The school expectation is that homework will be done, but we understand that family commitments *sometimes* prevent this. Time is provided during lunchtimes or breaks to enable children to finish homework tasks in these instances.

Feedback and Marking

Where work is done together with parents, children often receive immediate feedback on what they are doing. In the case of work they complete on their own, it is important that they be given feedback as soon as possible. This feedback may often be in the form of class discussion so key information can be reinforced; alternatively, feedback may be in the outcome of tests e.g. spelling and tables tests or through discussion with their teacher or through written feedback in books.

15. CONCLUSION:

This policy also needs to be in line with other school policies and therefore should be read in conjunction with the following school policies:

Handwriting Policy
Teaching and Learning Policy
Assessment and Record Keeping
Responding to pupils' work / Feedback / Marking policy
Special Educational Needs Policy
Computing Policy
Equal Opportunities Policy
Health and Safety Policy
